Introductory Adult Group Instruction

Having played this game for more than 30 years and taught it for nearly 15, I assure you that I have seen it all as a teacher and gone through most of it myself as a player, and I feel your pain!! Therefore, the purpose of this program, is to help get you going in the right direction with all facets of your game, so instead going around in circles, you can finally spend your time and energy moving forward!! Once you have completed the program, you will begin playing this game with a greater understanding of what it is you are TRULY trying to do, have more confidence that what you are doing is CORRECT, and ultimately enjoy your time on the range and course more than you ever thought possible!!

This 4-Week program, which will meet Tuesday evenings from 5:30-6:30 and is taught by our Director of Instruction Mark Atchison, will cover the fundamentals of putting, chipping and pitching and the full swing! During each class, you will **LEARN** the skills needed to improve each facet of the game, **MASTER** these skills through the introduction of Drills and Proper Practice Habits, and finally **ENJOY** the results, having taking the proper steps needed to see Lasting Improvement!!
