**Spring Junior Golf Program**

In the Age of Specialization in Youth Sports, most great athletes around the Sporting World would agree, being competent in many different sports and activities will only **help** you to be the best at what you want to do!! By allowing your body to learn how to move in multiple disciplines, one creates a well-rounded sense of body awareness and balance! Be it baseball, soccer, dance, riding your bike, or running, being outside, active, and interacting with others are all integral parts of living a Happy and Healthy Lifestyle. Add all of this together and you'll find, Golf is the perfect activity to wrap all these pieces together and get your kids moving, challenging themselves to learn new and useful skills, and connecting with others, all while enjoying the beauty of the Great Outdoors!!

Therefore, to help get your Future Star Athletes get off on the right foot this season and for years to come, we are excited to offer an afterschool, small group, Spring Junior Golf Program, that will meet on the following days and dates, based on your child's age!!
