

2023 Jester Men's League Official Information March 2023

Welcome to the Jester Park Men's League Page.

Over the last couple of years, we have grown to be the largest league in the Des Moines area, and our league is full for the 2023 season.

As a league it has been our policy to give previous year players the first opportunity to reserve their spots for the upcoming season. This takes place in January. Returning members are given until March 1st to secure their spots for the season. Over the past couple seasons we have had an average of 15-20 spots that open up. New players that send emails with their interest to join the league are put on a waiting list. As spots become available we contact new players based on when they emailed their interest to join. This is the fairest way to ensure players that have been in league for many seasons that they continue to enjoy what we all have built... a fantastic league!

Moving forward we have established an email for individuals to send their contact information to get on next year's waiting list.

If you wish to be on the 2024 Men's League waiting list please email:
jestermensleague@gmail.com

Have a great summer!

Jamie Papian
League President
